

4 Hours Singapore Southern Islands Yacht Guided

0900 /1400 Meet at ONE Degree 15 Marina Sentosa Cove, Singapore.

An inexpensive yet luxurious option for visiting the Southern Islands with fun day out at sea. Cruise from the Marina at One Degree 15 on a yacht. We will stop by Lazarus island which is a lush garden sanctuary for those who need some rest and relaxation. There is no shortage of wooden benches for you to just sit and laze your afternoon away with friends and family.

Thereafter, embark on a guided tour to St John's Island. Located in the string of islands just off the southern coast of Singapore's main island, St. John's Island gained worldwide notoriety long before it became a vacation destination. In the late 1800s and early 1900s, the island housed a quarantine facility for Chinese cholera patients and became a major disease screening center by the 1930s. By mid-century, the island had been converted into a penal center for members of the Chinese mafia and later, a drug rehabilitation center treating opium addicts. Enjoy water activities such as the floating mat, kayaking, water floaties and even having a go at fishing!

For the more adventurous, they may even swim or kayak out to Lazarus Island to explore or enjoy the white sandy beach at Eagle Bay.
